- **Ajman, UAE** – Our Middle East office, strategically positioned to meet the dynamic demands of the region.
- **Jeddah, Saudi Arabia** – A key base in the Kingdom, supporting its rapidly growing tech ecosystem.
- **Lahore, Pakistan** – Our Asia headquarters, where visionary ideas come to life.

With a dedicated team of over **500 Experts**, Axix Technologies is committed to pushing the boundaries of what's possible, delivering cutting-edge solutions that drive growth and innovation generally in all industries worldwide.

OUR HR-TECH PRODUCTS

Wow HCM (Human Capital Management)

Axix Wow HCM is a cloud-based AI solution reshaping HR operations globally. It streamlines workforce management, automates processes, and enhances employee engagement, providing businesses with an efficient and scalable platform for modern HR needs.

Axix Recruitment

Axix Recruitment Software is a globally trusted, cloud-based solution revolutionizing hiring processes. Powered by AI, it simplifies talent acquisition, enhances applicant tracking, and ensures efficient recruitment for businesses worldwide.

PRODUCT WE ARE PROPOSING !

360 Facevision Attendance & Payroll System

Our flagship product, 360 FaceVision, is transforming HR management worldwide. With its robust group attendance capabilities, it ensures unmatched accuracy and eliminates errors in employee tracking. By automating payroll processes, 360 FaceVision reduces costs, saves time, and promotes transparency, giving organizations a competitive edge.

Through intelligent, AI-driven solutions, Axix Technologies continues to redefine workplace productivity, helping companies achieve sustainable success in an ever-evolving digital landscape.

BENEFITS TO YOUR COMPANY

How our system is important for Owners and Managers?

- **Effortless Salary Calculation:** It accurately calculates salaries, including overtime and deductions, eliminating manual efforts.
- **Automated Email Reporting:** Sends attendance and salary reports directly to employers & managers.
- **Group Attendance Management:** Supports 5-6 person group check-ins and check-outs, making attendance tracking quick and efficient.
- **Access Control Integration:** Enables automated door control, adding an extra layer of security and convenience.

- **Comprehensive HR Functions:** Manages loans, advance salary, bonuses, appraisals, and deductions with ease.
- **Precise Payroll Adjustments:** Only pays employees for actual work hours, reducing payroll expenses and enhancing accountability.
- **Transparency and Surveillance:** Gives owners a clear, real-time view of employees' activity, attendance, payroll, etc.
- **Managerial Efficiency:** No more manual salary calculations or report generation, minimizing error factor for managers.
- **Employee-Friendly System:** Contactless check-ins ensure smooth attendance recording without the need to queue or touch machines.
- **Seamless Integration:** Easily integrates with existing organizational servers and systems.

- **Robust, Night-Ready Performance:** Built for 24/7 use, with reliable performance even during night shifts.
- **Battery-Powered Reliability:** Offers up to 8 hours of battery backup, ensuring functionality even in the absence of power.
- **Offline Capability:** Operates without an internet connection, making it dependable in any environment.
- **Reliable Face Scanner:** 360 Facevision uses Microsoft hardware for face scanning for high-end performance & reliability.
